PREAMBULUM

Kedves Olvasónk, vagyis inkább...Nézőnk!

Engedje meg, hogy e tárlattal kedveskedjünk Önnek. A kor digitális társadalma minden területen megköveteli, hogy új utakat keressünk, járjunk, így a művészetek, s a publikálásuk terén is igazodni kell a jelen elvárásaihoz...

Pálnagy László (http://www.lesliebigpaul.hu) absztrakt, digitális képei (Virtuális Galériái) közel egy évtizede megtalálhatók az Interneten. Ezekből válogattuk a könyvben található alkotásokat. (A könyv bemutatja a „Posztmodern egér a virtuális térhez" című nagysikerű kiállítás teljes anyagát.)

Fontos párhuzam, hogy az e-book szintén a képernyőn jelenik meg az érdeklődő publikum előtt. A színvilág, a hatás így közel ugyanazt nyújtja, mint amit egy virtuális tárlat élménye kínál.

E könyv - egyfajta „képeskönyvként" - most egy absztrakt, színes, vizuális élményre invitálja Önt...

Lehet, hogy kissé szokatlan (gyermekkort idéző) érzés olvasás helyett „képeskönyvet lapozgatni", de talán segít egy kicsit kikapcsolódni a rohanó világunk monoton perceiből.

S akkor...a művészet – talán legelemibb - célja már teljesült is...

Kellemes időtöltést, jó szórakozást kívánunk!
